

The Camden

1,985 Square Feet

The Camden is a unique floor plan that is styled for any busy lifestyle! There are few ranch plans out there that offer two and a half bathrooms. The secondary bedrooms share a Jack & Jill bath that is perfect for a growing family or private for out of town visitors. The private master suite, with an enormous walk in closet, is a dream. The designer-styled kitchen offers a great entertaining space without sacrificing cabinet storage. With a three-car garage there is no shortage of space! The Camden is a great place to call home!
